3. Form Overview
 - a. Annual Premium.....pgs. 5-6
 - b. Premium Support.....pgs. 6-8
4. Appendix – List of Financial Institutions.....pgs. 9-13

1. Overview of Annual Premium Return

The Microsoft Excel spreadsheet is a template which is designed for the **annual** submission of the Annual Premium Return and premium support for all Member Institutions of the Deposit Insurance Fund.

These Guidance Notes serve as a companion tool and clarification to the Annual Premium Return and Support forms for Member Banks.

A copy of the Annual Premium Return and Guidance Notes will be placed on the Deposit Insurance Corporation's website for ease of access and reference by the member institutions.

These documents would specify the version and release or amended date. Any amendments to these files would be formally advised to member institutions with a general notice. When a revised version is released, members are required to download the updated file to complete the reporting submissions.

2. Filing Instructions for the Annual Premium Return Submission

All member banks of the Deposit Insurance Fund are required to email the completed Annual Premium Return spreadsheets to: info@dic.bs.

The Attestation Form signed and dated ([current month and year](#)) by two senior officials of the member institution should be scanned and emailed to: info@dic.bs.

If an amended submission is required, the Attestation Form should be signed, dated (current month and year of amended submission), scanned and submitted together with the amended Premium Return via email to info@dic.bs.

This submission for year 2021 should be provided to the Deposit Insurance Corporation by April 23, 2021 and on an annual basis, thereafter by January 31 of each year or such other date as notified by the Deposit Insurance Corporation.

The data should **NOT** be rounded to the nearest thousands of dollars. These amounts are required to be reported in the exact **Bahamian dollar (B\$) denominated value** inclusive of cents (no rounding).

For premium year 2021, the first and second half premium payments are to be remitted via electronic fund transfers to Central Bank of The Bahamas on or before **April 30, 2021** and **September 30, 2021**, respectively. Additional details for the Standard Settlement Instructions will be provided concurrently with the release of the Annual Premium Return File.

For premium year 2022 and thereafter, the first and second half premium payments are to be remitted on or before **March 31 and September 30**, respectively.

3. A. Annual Premium Form

Kindly select the name of your institution from the dropdown box at the top of the spreadsheet.

Only Insured Deposits should be reported under Section 1 of this Form

- I. **Insured Deposits** - Should include checking, savings, demand and time accounts or other amounts payable for which the institution has issued a certificate, receipt, cheque, money order, draft or other instruments in respect of which it is primarily liable. Insured Deposits should not include letters of credit, stand-by letters of credit or instruments of similar nature, subordinated debts, preference shares, inter-bank deposits, foreign currency deposits, deposits of Government and statutory corporations, deposits in any financial institution wholly owned by the Government, and deposits from affiliates (vide Section 2(1)(a) of the Protection of Depositors Amendment Act, 2020).

Irrespective of a members' fiscal financial year-end, Insured Deposits should be reported in the white spaces allocated in cells *C10, C14, F10 and F14* for the four calendar quarters of the immediately preceding year as at:

- 31st March
- 30th June
- 30th September
- 31st December

- II. **Annual Premium Calculation** - This consists of the following data which is calculated automatically when amounts are entered in cells *D10, D14, F10 and F14* (quarterly insured deposits):

- a) Average Insured Deposits – The average of deposits held with the bank as at 31st March and 30th September.
- b) Annual Premium Payable (1/20 of 1 percent of average insured deposits) – The calculation of the total annual premium payable will automatically populate here.
- c) One Half of Premium Payable – This section calculates the first half premium payable which is due on or before 30th April, 2021. Effective year 2022, this amount will be payable on or before 31st March of each year (See Section 5(5) of the Protection of Depositors (Amendment) Act, 2020).

- d) Second Half of Premium Payable – This section calculates the second half premium payable which is due on or before 30th September of each year (See Section 5(5) of the Protection of Depositors (Amendment) Act, 2020).
- e) When settling the bi-annual premium payment, the greater amount of one-half of the annual premium payable should always be remitted for the first half payment which is due by 30th April, 2021 and thereafter due by March 31st of each premium year.

B. Insurance Premium Support Form

Kindly select the name of your institution from the dropdown at the top of the spreadsheet and insert a zero dollar value where the category is not applicable to your institution.

This spreadsheet will provide the validation support to the Insured Deposit Calculation submitted in the Annual Premium Form for each quarter. The cell amounts G55, H55, I55 and J55 should equal the calculations of the Insured Deposits reported for each respective quarter.

Total Insured Deposits

Represents the type of insured deposits which have an unpaid balance of money received or held by members on which they are obliged to give credit on demand, savings or fixed deposits. The types of Deposits are listed as follows:

- Demand Deposits (Checking Accounts) - Includes all current and call accounts of customers that can be withdrawn by cheque without notice or delay and money at call and short notice, which is repayable on demand or requires up to thirty days' notice.
- Savings Deposits - Include accounts that are not necessarily payable on demand nor held for any fixed period of maturity and where withdrawals are normally made upon presentation of a passbook.
- Fixed Deposits - Include accounts which have a specified term of maturity or other withdrawal conditions; could include automatic or written renewal provisions.
- Accrued Interest on Deposits - Include all accrued charges of interest on deposits which remain unpaid as of the reporting date on all classes of deposit accounts.

- Negotiable Certificate of Deposits - Include all negotiable certificates of deposit issued by the member bank and still outstanding.
- Other – Include all other deposits not defined above.

I. Other Amounts Payable

Represents other amounts payable for which the institution has issued a certificate, receipt, cheque, money order, draft or other instruments in respect of which it is primarily liable.

- Stored Value Cards - These are prepaid cards in which the amount of funds can be increased as well as decreased; a multipurpose prepaid card which can be used for small retail and other payments, such as gift cards.
- Manager’s Checks – Also referred to as certified checks which are issued by the institution on behalf of the client [as at the reporting date](#).
- Wire Transfers (Outgoing) – B\$ denominated outgoing wire transfers via the Automated Clearing House (ACH) [as at the reporting date](#).
- Wire Transfers (Outgoing) – B\$ denominated outgoing wire transfers via the Real Time Gross Settlement (RTGS) [as at the reporting date](#).
- Include additional amounts payable here – These spaces allow for the inclusion or listing of other amounts which are not listed above. Avoid duplication of deposit types.
- Total Insured Deposits: This calculates the sum of all the insured deposits, inclusive of other insured amount categories covered under Section 2 of the Act.

II. Disclosures

These types of deposits and other payables are listed for [disclosure purposes](#) as follows:

- **Government Deposits** - Deposits of Government and related ministries and departments. For Family Island branches of Nassau based banks, accounts operated by Family Island Commissioners on behalf of the Government should be included here. Refer to attached appendix listing.
- **Public Corporation (Gov’t & Statutory Deposits)** - Includes deposits of non-financial public corporations. Refer to attached appendix listing.

- **Public Financial Institutions Deposits** - Includes deposits of The Bahamas Development Bank, The Post Office Savings Bank and Bahamas Mortgage Corporation. Refer to attached appendix listing.
- **Interbank Deposits** - Include deposits due from domestic Commercial Banks and Other Local Financial Institutions.
- **Financial Institutions wholly owned by Government** - Other Local Financial Institutions, resident banks, and/or trust companies other than authorized dealers engaged in banking business (mainly accepting deposits that are not payable on demand, such as savings).
- **Letters of Credit** - Include all letters of credit (payment guarantees) given by the licensee that are still outstanding as at the reporting date.
- **Preference Shares** – Preference shares or stocks are a type of security that pays a dividend, as long as the company makes enough profit to pay the dividend.
- **Subordinated Debts** – Security which ranks below other securities with regard to claims or other securities.
- **Deposits from Affiliates** – Deposits from an affiliate or affiliated company includes, in relation to another company, a company that directly or indirectly controls, is controlled by, or is under common control with, such other company; and hence is considered to be a member of the same group of companies (see Section 2 of Companies Act).
- **Insert Additional Disclosures** – This allows for insertion of other categories for disclosures which are not listed in the categories above. Avoid duplication of disclosures.
- **Total Disclosures** – This category sums all the excluded categories.
- **Total Insured Deposits** (cells G55, H55, I55 and J55): This is the calculation of Total Deposits and should equal to the quarterly amounts reported for Total Insured Deposits (Annual Premium Sheet).
